Eagle Lifting Cushion

The Eagle lifting cushion will both sit up and lift a fallen person. It has a small footprint and can be used in small spaces such as a bathroom.

Easy to fit

· Lifting cushion is inflated using an Airflo Compressor with a simple hand control

· Simple to use, requiring very little training

·Suitable for indoor and outdoor use

· Can be used independently or assisted

Simple to maintain

· Clean using a proprietary non-abrasive mild liquid cleaner

· Easy to deflate, fold away and store in the carry bag provided

· The material is designed to exceptionally high standards with extraordinary durability, strength & performance in the toughest of environments

Safe to use

· Lifts the frailest person up to 485lbs from the floor

· Exceptionally rigid and supportive to back, neck and head

· Ideal for use in supported living apartments and home care

Improves well-being

· Provides a safe, dignified lift for a fallen person

· Reduces the risk of musculoskeletal injury for the care giver

· The backrest gives additional support to raise the person from lying to sitting

· Small footprint is ideal for use in a home environment
